Sky Ranch Foundation Continues Five Year Partnership with Boys & Girls Haven with 2016 Grant

July 13, Louisville, KY – Boys & Girls Haven is the proud recipient of a \$10,000 grant from Sky Ranch Foundation which will help fund operating costs in 2016. The grant will provide much needed assistance for our direct services that teach, shelter and heal our community's most vulnerable youth.

Sky Ranch Foundation is a charitable organization committed to giving at-risk youth a second chance by identifying and offering grants to efficient and effective programs focused on improving the quality of help available to these youth. The Foundation's funds have come largely from individuals and companies associated with the beer, wine and spirits industries and reflects the industry's great concern and commitment for at-risk youth.

Boys & Girls Haven will be able to continue its mission to "shelter, heal and teach struggling young people to become productive and healthy members of our community" because of this grant.

The abused and neglected children who find a home at Boys & Girls Haven require medical assistance, therapeutic care, education, and other help on top of their basic needs.

With the generous support of Sky Ranch Foundation, Boys & Girls Haven will be able to cover some of its general operating expenses and focus even more time and resources on improving the lives of these youth.
